

The mission of the Eaton Public Library is to provide professional library services and resources to meet the evolving educational, recreational, and informational needs of the public in an historical setting.

The Board ensures the library fulfills its mission by selecting and hiring a library director, developing library policy and strategic priorities, and recommending an annual budget. The Board meets regularly on the first Wednesday of the month at 5:30pm. Member attendance is required at meetings as well as various work sessions, library events, trainings and other meetings throughout the year.
