

Atmos Energy Continuing to Restore Natural Gas Service in Eaton

Eaton, Colo. – June 9, 2022 – Atmos Energy crews are continuing to restore natural gas service to homes and businesses in the town of Eaton due to a temporary system outage caused by a gas supply issue. Residents may see Atmos Energy trucks working throughout the evening as the final rounds of restoration take place.

“We continue to make progress on our efforts and will continue to work closely with customers until the work is complete,” said Kurtis Paradisa, Atmos Energy manager of public affairs. “We want to express our sincere appreciation to our customers, businesses and city leaders for their patience during this process.”

Dozens of Atmos Energy crews from across Colorado, Kansas and Texas have been working safely and diligently to restore service to critical customers, local businesses and neighborhoods throughout Eaton.

“Atmos Energy is committed to operating the safest natural gas system in the nation.” said Paradisa. “On Tuesday, there was a temporary matter that affected the gas supply and Atmos Energy began work to safely restore service to the area.”

When restoring natural gas service, please expect the following:

- A technician will perform the restoration services in compliance with CDC social distancing and other guidelines for the safety of our employees, customers, and communities.
- A resident of the home or an authorized representative of the business who is 18 years of age or older must be present for the restoration services to be performed.
- If you are not home or at your business, we will leave a yellow door tag with instructions. For questions regarding your natural gas service, please call 888.286.6700.
- Please visit [atmosenergy.com/restoration](https://www.atmosenergy.com/restoration) to learn more.

As always, Atmos Energy would like to remind everyone if you think you smell gas, act fast! Leave the area immediately and from a safe distance call 911 and the Atmos Energy emergency number, 866.322.8667: <https://www.atmosenergy.com/safety/recognizing-leak>

About Atmos Energy

Atmos Energy Corporation, an S&P 500 company headquartered in Dallas, is the country’s largest natural gas-only distributor. We safely deliver reliable, affordable, efficient and abundant natural gas to more than 3 million distribution customers in over 1,400 communities across eight states located primarily in the South. As part of our vision to be the safest provider of natural gas services, we are modernizing our business and infrastructure while continuing to invest in safety, innovation, environmental sustainability and our communities. Atmos Energy manages proprietary pipeline and storage assets, including one of the largest intrastate natural gas pipeline systems in Texas.
